Teamsters Local 814 is excited and proud to announce our endorsement of Jabari Brisport for State Senate in District 25.

We need more school teachers and nurses and truck drivers in Albany and less career politicians who are on a first name basis with corporate lobbyists.

Electing Jabari will be another step in a hopefully growing movement to restore democracy in our city and state and put the needs of essential workers and working class families first.

We urge our members and the rest of the working families of Central and South Brooklyn to mark their ballot for Jabari on June 23rd.

Teamsters Local 814 has been on the front lines of the fight against corporate giveaways by supposedly "progressive" local politicians for years. It's time we elect an actual union member, who is also an actual progressive and not in the pocket of developers.

Local 814 looks forward to working with Jabari to strengthen policies that will ensure access to health care, affordable housing and union jobs for all New Yorkers -- especially those working class New Yorkers who have been excluded from these human rights because of the color of their skin or their immigration status.

We must hold Albany and their corporate allies accountable -- Please go out and vote for Jabari on the 23rd!
